

## **OUTREACH AND EXTENSION PROGRAMME**

### **(Training in Handling Laboratory Instruments and on Scientific Experiments of Interest)**

**Held on:** 11/04/2025

**Conducted by:** Department of Botany, AC College, Jalpaiguri

**Programme Coordinator:** Sri Suman Sen, Dr. Pushpanjali Ray  
Dr. Krishnendu Majhi, Smt. Srijani Bhaumik and  
Smt. Ankita Biswas

**Venue:** Department of Botany, A. C. College, Jalpaiguri

#### **Objective:**

To grow interest among school children in biological science through hands on training in biological experiments related to Botany and visit to laboratories.

#### **Programme Report:**

19 students of class 9 and class10 from Mohitnagar Colony T. P. Balika Vidyalaya, Jalpaiguri accompanied by teachers visited Department of Botany, A.C. College, Jalpaiguri. The aim of the program was to grow interest among school children in biological science through hands on training in biological experiments related to Botany. The students also visited various laboratories. Students visited the Botany Museum containing well preserved plant specimen and microscopic slides and herbarium specimens along with instruments used in biological experiments. They also performed Some Physiological, Biochemical, Microbiological and Molecular biology experiments. The Honours and Major students of Sem 2, Sem 4 and Sem 6 of Botany Department communicated to the school children in easy and simple language and demonstrated and guided them in performing the experiments. The active participation of the students of AC College made the school children feel comfortable and they also participated actively in the learning process.

#### **Programme outcome:**

The Children learned about some important biological experiments which will make them interested in Biological science and they may grow interest in science in future for higher studies.
