

Outreach Program Conducted by the Department of Mathematics, A.C College, Jalpaiguri.

The Mathematics Department of A. C College, Jalpaiguri, successfully organized an outreach program at Sonagachi Tea Garden Junior High School, Malbazar for students of class 5, 6, 7, 8 on 30th January 2025. This outreach program is aimed at fostering interest and enthusiasm for mathematics among upper primary school students in remote areas and to guide to alleviate anxiety related to Mathematics while providing valuable teaching experience to the participating college students.

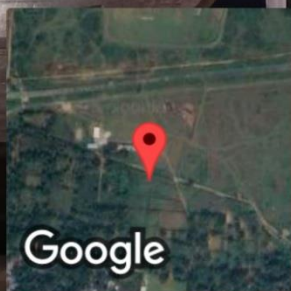

Total 43 Students from the second, fourth and sixth semester actively participated in conducting classes throughout the day. Each group was assigned different class levels to ensure effective engagement:

Second-semester students taught class v and class vi. Fourth-semester students handled Class vii and class viii. Sixth-semester students took mentoring session of all the students. The Interactive sessions focused on showcasing the relevance, beauty and applications of mathematics in daily life and also clarifying mathematical concepts, solving doubts, and encouraging analytical thinking among the school students. Students were encouraged to ask questions, share their thoughts. The program was well received, with enthusiastic participation from both the teaching and learning ends.

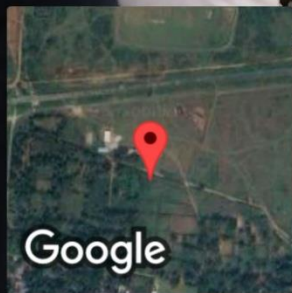

The outreach program was not just an academic endeavor but also a meaningful experience that strengthened the spirit of teamwork, leadership, and community engagement among the participants. Overall, the Mathematics Department is committed to continuing its efforts in promoting mathematics education and inspiring the next generation of mathematicians and problem solvers.
